PLATEAU DÉCOR SERIES

DÉCOR 50 (W)

THE DÉCOR SERIES is the perfect union of wood, metal and glass - design objective accomplished! The cabinet unit is supported by welded heavy gauge steel tube construction, providing strength and style. The high grade smooth edged safety glass (the top shelf is 1/2" [12mm] thick) adds an appealing aura to any room. Detailed features include back panels that offer ample ventilation & cable management, and precision quality hinges. Available in a choice of luxurious natural woods - Espresso (E) and Walnut (W).

Numerous useful and unique options place this unit way ahead of the competition. The DÉCOR Series combines both functionality - for displaying & organizing your components - while providing a visually impressive statement to your audio/visual system.

Wood cabinet shipped built - minimal assembly required.

DÉCOR 71 (E)

DIMENSIONS
