

NEW VISIONMOUNT® SUPER SLIM TILTING MOUNTS

MODEL VLT14-B1

MODEL VMT14-B1

Position TVs less than an inch from the wall and offer up to 10° of tilt

Ideal for accentuating the look of ultra-thin LCD, plasma and LED TVs, Sanus' new Super Slim VLT14 and VMT14 tilting mounts sit less than an inch from the wall and offer up to 10° of smooth tilting capability with Adjustable Virtual Axis™ technology. This revolutionary tilting feature was designed to accommodate a variety of flat panel depths and weights. In addition, these mounts offer the innovative ClickStand™ mechanism, so it's easy to access cables behind the TV. Simply pull on the quick-release tabs to unlock the TV from the wall plate and the ClickStand™ feature holds it away from the wall for hands-free cable management.

VLT14-B1 shown

Adjustable Virtual Axis™ technology offers 10° of the smoothest tilting to reduce glare

Wall plate mounting holes designed to accommodate 16" or 24" on-center studs (model VLT14 only)

Super Slim tilting mount sits less than an inch from wall to complement the sleek look of ultra-thin TVs

Convenient quick-release tabs on mounting brackets stay hidden, but easily pull down to unlock TV from wall plate for cable access

Innovative ClickStand™ mechanism holds TV away from wall for easy cable access
